Invented for life

Warranty extension for starters and alternators

Warranty
now
3 years

- ▶ Warranty extension from 2 to 3 years
- ▶ Valid for the entire Bosch starter and alternator program
- ▶ No change to warranty process

Bosch eXchange the optimal alternative

With its comprehensive range of high-quality exchange products, Bosch offers workshops an attractive solution for value-based vehicle repairs.

The exchange parts are treated according to the same standards as original parts and are subject to stringent functional and quality tests. This ensures the high quality and reliability of Bosch eXchange products.

Thanks to Bosch eXchange, workshops can thus offer their customers cost-effective repairs based on the vehicles' current value.

In addition, Bosch eXchange requires less raw material due to the reuse of cores. This saves resources and therefore protects the environment.
