

SCANIA Application

General

Multiple technical solutions available for SCANIA R/S/P/G/L Series.
Complexity is caused by change over at OE side.

2016-2019:

Spray system integrated in adapter of the wiper blade.
Rare amount in the market, not sold in OES channel.
Spraying upwards.

2019-2020

Standard spray bar mounted on the wiper blade.
Available blades w/ and w/o spraybar.
Spraying downwards.

SCANIA Application

Bosch Alternatives

Production period	OES	SWF	RB	Comment	Adapter RB
10/2016-2019	2371926 Spray system included in adapter	132700 Spray nozzle (tube not in use)	3397015372 (N76) Spray nozzle w/o tube	OE: Spray system integrated in adapter w/o tube RB: Spray nozzle pre-mounted, special diameter required, standard spray nozzle is not working	H12
2019	2753171 No spray system	132700 Spray nozzle w/ tube	3397011238 (N71) Spray nozzle w/ tube	OES: No spray bar included; customer must re-use the existing spraybar RB: To avoid confusion and mounting issues Bosch is not selling single blade w/o suitable spray system. Identical blade w/o spray system 3397018170 (N70)	230
2019	2715133 Spray bar	132700 Spray nozzle w/tube	3397011238 (N71) Spray nozzle w/ tube		230
2020 (new generation)	Several (Reverence 2753171)		3397015664 (N78) No spray nozzle, reuse spray bar special CASE	N71 does not fit, du to collision of wiper arm and spray nozzle. Re-use of installed spray bar mandatory	H12
