# Bosch Automotive Batteries

## The Complete Battery Program from Bosch

Our cutting edge battery technology, equipped with sophisticated electrical systems ensures reliable starting power to meet the increasing energy demand in today's new generation vehicles.

## Assured Safety and Performance

With over one hundred years of battery experience, Bosch continue to be at the forefront of technology, ensuring that the highest standards are met at all times. Innovative technologies make a crucial contribution to the first-class quality and high performance capacity of Bosch batteries. They are specifically designed for different vehicle profiles and requirements. This guarantees maximum safety and reliability.

## Battery Selection in Line with Customer Requests

Bosch has a comprehensive line up of maintenance free batteries for all types of passenger vehicles including light commercial, 4x4 and SUVs.

# Bosch Automotive Battery Range

Passenger Vehicles

Light Commercial Vehicles

4X4 and SUVs

## SM Mega Power Plus

The SM Mega Power Plus is renowned for reliability and ability to meet the electrical demand of a wide range of passenger vehicles.

- Optimal performance ensures maximum current flow and high cranking power
- Excellent safety and recyclability through innovative container material

Maintenance Free

36 Month Warranty

## SM Mega Power Silver

The SM Mega Power Silver is the powerhouse for recent models or upmarket vehicles with multiple electronic consumables and currently exceeds all international standards set by their manufacturer.

- Optimised silver alloy increases connectivity for higher charge acceptance
- Stable design structure with silver technology which supports additional vehicle technology
- Stable silver alloy grid reduces corrosion rate and decreases self discharge

Maintenance Free

36 Month Warranty

## ST Hightec EFB

Enhanced Flooded Batteries (EFB) are built for higher performance and reliability than standard flooded batteries, even under extreme conditions.

- High density active material and optimised particle size ensures extra long service life
- Optimised negative grid alloy slows down corrosion and prolongs battery service life during high depth of discharge cycling

Start-Stop

Maintenance Free

24 Month Warranty

## ST Hightec AGM

With its dynamic recharging capability and up to four times the number of discharge/charge cycles, as compared to the normal flooded battery, the Absorbent Glass Mat (AGM) batteries meet the toughest power requirements found in today's vehicles.

- Extra long service life double labyrinth lid construction preventing water loss
- 100% leakage proof with AGM technology
- High charge acceptance

Start-Stop

Maintenance Free

24 Month Warranty (Start-Stop)

36 Month Warranty (Normal use)
