

Invented for life

BOSCH

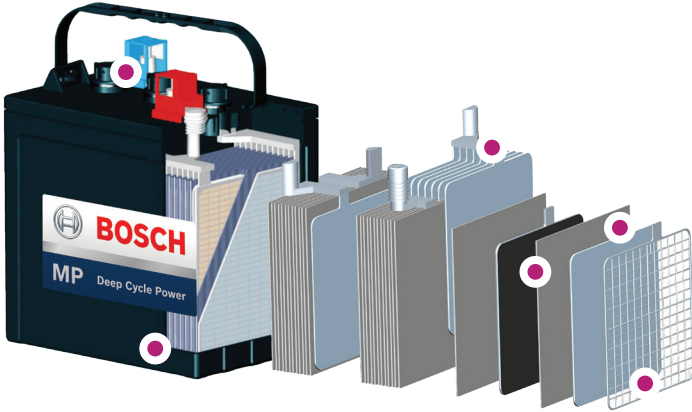

Bosch MP Deep Cycle Power Golf Cart Range

Performance to Drive

Bosch Golf Cart Batteries aim for high cycle stability, which guarantee a reliable power supply even on the most challenging course. Specially designed for a varied range of motion applications that require frequent charging and discharging cycles, Bosch Golf Cart Batteries swing in the power you can rely on.

Benefits at a Glance

Advanced Welding Technology

- Secured cast-on-strap improves electrical conductivity by minimising shedding of active materials
- High vibration resistance

High Density Paste

- Double paste per cube reduces normal material shedding and generates high capacity

SiO2-PVC Separator In Nano Grade

- Higher porosity and symmetrical aperture reduces internal resistance for stable discharge output

Special Grid Construction

- Special alloy and thicker grid promotes deep cycling characteristics

Special Refill Plugs Design

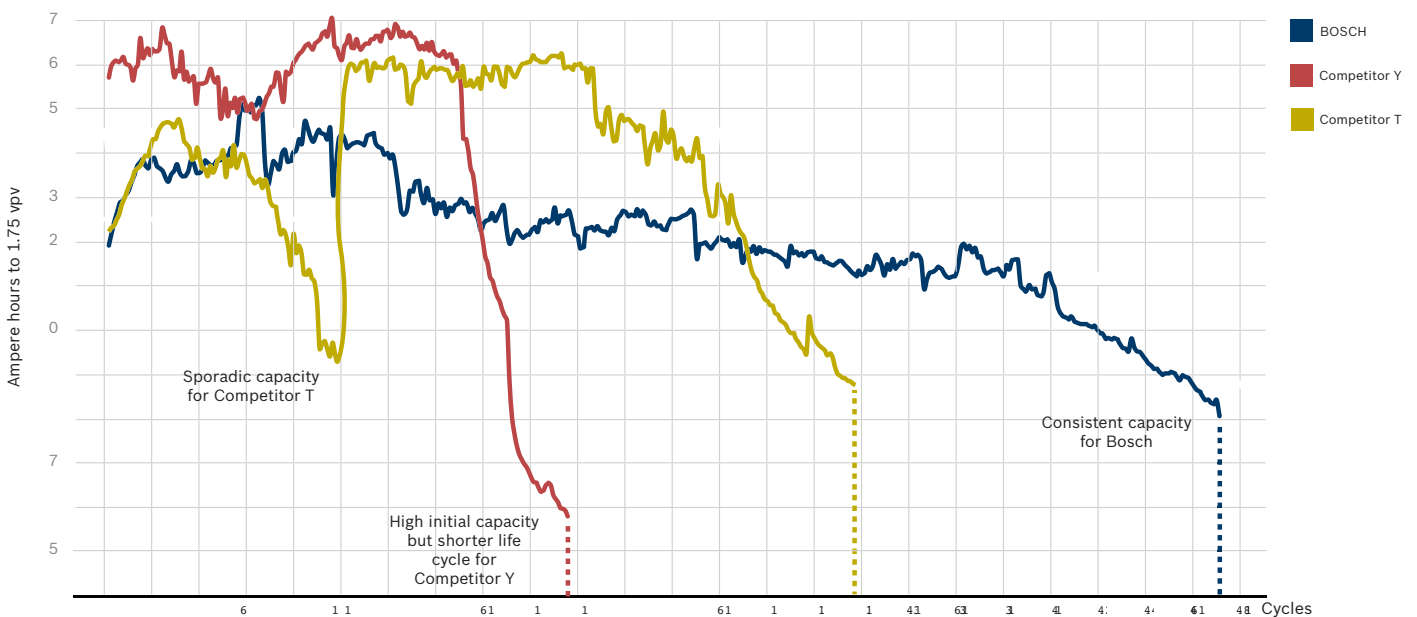

- Specially designed structure releases gas in a single motion, guarantees less water consumption

Polypropylene Container

- High heat resistance for safer operation

Exceeding Expectations

Life Cycle Test on 6V battery

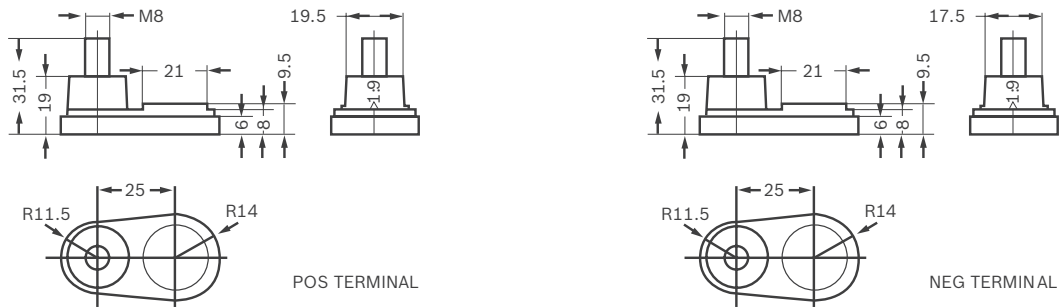

Technical Specifications

Short Order Code	Bosch 10 Digit P/no	Voltage (V)	20HR Rate (AH)	Capacity (Minutes)*		Dimensions (MM)		
				@25A	@56A	Length	Width	Total Height
BG106	0092L57072	6	225	445	115	260	180	279.5
BG876	0092L57073	8	170	295	117	260	180	279.5
BG1275	0092L57074	12	150	280	102	328	180	279.5

* The number of minutes a battery can be discharged at 25 of 56 amps (75 amps for 6 volt batteries) at 27°C (80°F) and maintain a voltage above 1.75V/cell

Terminal Dimensions

Recommended Applications

Golf Cart

Floor Machine

Scissor Lift

Electric Recreational Vehicle (RV)

Electric Utility Vehicle

The Complete Solution Provider

Parts

Wide range of batteries available to suit every requirement

Bytes

C3 (6V/12V) and C7 (12V/24V) battery chargers to charge and maintain batteries

Services

Technical support and product trainings available to strengthen partners' technical expertise

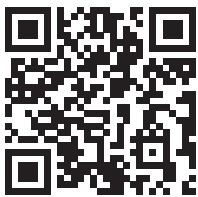

What drives you, drives us

Many vehicles on the road today have benefited from parts, diagnostics and/or workshop services provided by Bosch.

For us, the focus has always been on keeping people mobile. It's that dedication which for more than 125 years has seen Bosch take great pride in its efforts to continually research, develop, produce and provide expertise to the automotive sector.

Whether it's through providing components to our customers and race teams, equipment to our workshops or expertise to the broader automotive industry, Bosch is proud to have been a significant player since our arrival in Australia in 1907.

And with the opening of our state-of-the-art Australasian head office in 2016, we plan to be here for many years to come.
