Gegenüberstellung**Benutzerhinweise**

Die in diesem Katalog enthaltenen Gegenüberstellungen verwenden Bestellnummern von Herstellern anderer Marken, für die es einbaugleiche Bosch-Erzeugnisse oder -Teile gibt. Da unterschiedliche Bezeichnungssysteme existieren, konnten die fremden Bestellnummern nur in einer einheitlichen, alphanumerischen Sortierfolge geordnet werden, was bei einigen Herstellern zu einer Abweichung von der dort üblichen Sortierfolge führen kann. Eine Rückumschlüsselung von Bosch- zu Fremdnummern ist in einem solchen Fall nicht möglich. Zur Kennzeichnung von Bosch-Teilen gegenüber Endkunden dürfen nur die Bosch-Teilenummern verwendet werden.

Cross-reference**Notes for users**

The cross-references contained in this catalog specify part numbers by manufacturers of other brands than equivalent Bosch products or parts. Due to diverging naming conventions, other manufacturers' part numbers can only be sorted consistently and alphanumerically, which may cause items to appear in a different order than is usually used by the relevant manufacturer. In such cases, it's not possible to convert Bosch numbers back to other manufacturers' numbers. Only Bosch part numbers may be used when part numbers are specified to end customers.

Table de correspondance**A l'attention de l'utilisateur**

Les comparaisons contenues dans ce catalogue utilisent des références de commande des constructeurs d'autres marques pour lesquels il existe des produits ou des pièces Bosch de montage identique. Étant donné que différents systèmes de désignation existent, les numéros de commande étrangers ont uniquement pu être triés dans un ordre alphanumérique uniforme, ce qui peut conduire à un écart de l'ordre de tri habituellement usité pour certains constructeurs. Une réattribution de codes de numéros étrangers vers des numéros Bosch n'est dans ce cas pas possible. Seuls les références de pièces Bosch peuvent être utilisées pour la désignation des pièces Bosch pour les consommateurs.

Comparazione**Avvertenze per la consultazione**

I confronti riportati in questo catalogo si basano sui numeri d'ordine di produttori di altri marchi, per i quali esistono prodotti o componenti Bosch con uguale installazione. Dato che esistono sistemi di denominazione differenti, i numeri d'ordine di terze parti sono stati ordinati con ordine unitario, alfanumerico e per alcuni marchi ciò può comportare una divergenza dall'ordine consueto. In tal caso non è possibile ricondurre i numeri d'ordine di terze parti ai numeri Bosch. Per identificare i componenti Bosch rispetto ai clienti finali si devono usare esclusivamente i numeri d'ordine Bosch.

Equivalencias**Avertencia al usuario**

En las confrontaciones de este catálogo se utilizan números de pedido de fabricantes de otras marcas para los que existen productos o piezas de Bosch con idéntica instalación. Puesto que existen diferentes sistemas de designación, los números de pedido ajenos solo podrían clasificarse en una secuencia de clasificación alfanumérica uniforme, lo que puede dar lugar a una desviación de la secuencia de clasificación habitual de algunos fabricantes. En este caso, no es posible recodificar los números Bosch a números de otros fabricantes. Para la identificación de piezas de Bosch ante usuarios finales solo se deben utilizar los números de pieza de Bosch.

Opzoektabel**Gebruikersinstructies**

De in deze catalogus opgenomen tegenoverstellingen gebruiken bestelnummers van fabrikanten van andere merken, waarvoor gelijke Bosch-componenten of -onderdelen leverbaar zijn. Omdat verschillende identificatiesystemen bestaan, konden de externe bestelnummers alleen in een eenduidige alfanumerieke volgorde worden geordend, wat bij bepaalde fabrikanten een afwijking van de daar gebruikelijke volgorde tot gevolg kan hebben. Een terugcodering van Bosch- naar externe nummers is in dergelijke situaties niet mogelijk. Voor de markering van Bosch-onderdelen naar eindklanten toe, mogen alleen de Bosch-onderdelenummers worden gebruikt.

sv

Jämförelse**Användarinformation**

I jämförelserna i den här katalogen används artikelnummer från tillverkare av andra märken, som det finns likvärdiga Bosch-produkter eller delar för. Eftersom det finns olika beteckningssystem kan de här artikelnumren endast anges i en enhetlig, alfanumerisk ordningsföljd, som kan avvika från ordningsföljden hos de olika tillverkarna. Det går inte att ändra Bosch- till externa nummer i det här fallet. För beteckning av Bosch-delar för slutkunder får endast Bosch-artikelnummer användas.

Převod**Pokyny pro uživatele**

Porovnání obsažená v tomto katalogu používají čísla objednávek výrobců jiných značek, pro které existují produkty nebo díly Bosch stejné vestavby. Existují různé systémy označování, proto bylo možné cizí čísla objednávek seřadit jen v jednotném, alfanumerickém porovnávacím pořadí, což u některých výrobců může vést k odchylce od zde obvyklého porovnávacího pořadí. Zpětné překódování čísel Bosch na cizí čísla není v takovém případě možné. Při označování dílů Bosch pro koncové zákazníky se smí používat pouze čísla dílů Bosch.

pl

Zamienniki**Wskazówki dla użytkownika**

Zawarte w niniejszym katalogu porównania używają numerów zamówień producentów innych marek, dla których dostępne są produkty lub części Bosch tego samego typu. Ponieważ mogą być stosowane różne systemy nazewnictwa, uporządkowanie obcych numerów zamówień było możliwe tylko przy użyciu jednolitej, alfanumerycznej kolejności sortowania, co w przypadku niektórych producentów może prowadzić do rozbieżności względem stosowanej przez nich kolejności sortowania. W takim wypadku przeliczanie zwrotnie z numerów Bosch na numery obce nie jest możliwe. Wobec klientów końcowych dopuszczalne jest oznaczenie części firmy Bosch wyłącznie przy użyciu numerów części Bosch.

Сопоставления**Вниманию пользователей**

В сравнениях, содержащихся в данном каталоге, используются номера заказов изготовителей прочих марок, для которых существуют изделия или детали Bosch с аналогичным способом установки. Поскольку существуют разные системы обозначений, номера заказов сторонних изготовителей могут быть упорядочены только в единой буквенно-цифровой последовательности сортировки, что может привести к отклонению от обычной последовательности сортировки у некоторых изготовителей. Для обозначения деталей Bosch для конечных клиентов разрешается использовать только номера деталей Bosch.
