

# Comfort Electrics

## Overview, features and benefits

www.boschautoparts.co.uk

**BOSCH**  
Invented for life

- ▶ Original equipment pedigree
- ▶ Superior quality
- ▶ Wide range and huge variety of products
- ▶ Long service life

The Bosch range of comfort electronics in the independent aftermarket cater for a wide range of products, both of original equipment origin and more generalised universal product.

### The Products with OE Heritage:

- ▶ Electric motors (including wiper motors)
- ▶ Relays
- ▶ Switches
- ▶ Engine cooling fans
- ▶ Heater control valves

### The Aftermarket Range:

- ▶ Wiring cable
- ▶ Wiring cable fittings
- ▶ Cable connectors and assemblies
- ▶ Switches
- ▶ Fuses

### Features:

- ▶ Every part conforms to OE specification
- ▶ Always OE quality
- ▶ Applications are never functionally compromised to artificially increase coverage
- ▶ Maximum operational reliability
- ▶ Huge range and wide coverage
- ▶ Some motors available without additional linkages as sold in OES channel, providing a more attractive replacement solution

### Comfort Electrics Summary:

- ▶ Motors: wipers, window lift, sunroof, seat actuation, heater servo
- ▶ Engine cooling: radiator fan assemblies, water pump, heater control valve
- ▶ Wiring, connector housings, connector pins, assembly tools
- ▶ Horns and fanfares, switches and relays
