

Multifunctionality at its best

The DCU 220 combines a robust notebook with a tablet pc and state-of-the-art technology, making you optimally prepared for the everyday challenges of the workshop!

Benefits at a glance of the 5th generation

- ▶ Simple switching between tablet and notebook operation. Can be easily adapted to your personal requirements!
- ▶ Enhanced full HD multitouch display
- ▶ Ready within seconds: Powerful Intel Core i5 CPU of the latest generation and 256 GB SSD memory enable rapid workflows
- ▶ Uses two lithium-ion batteries for long-lasting operation and smooth workflows in your workshop
- ▶ Plug & play via pre-installed and configured ES[tronic] 2.0 Online for optimal operation
- ▶ Regular online updates always provide the latest content in no time
- ▶ Windows 10 operating system allows easy installation of additional applications

Diagnostic Solutions DCU 220

Extremely robust & ready to use

Ready to use within seconds

- ...only 15 seconds to Windows screen
- ...only 30 seconds to ESI[tronic] 2.0 Online startup

High reliability and lifelong operation

Everyday work in a workshop can be hectic and strenuous. This is why the DCU 220 is built extremely robust according to military standards, enabling smooth operation. Accidents such as dropping the device, spilling fluids on it or even taking it on a bumpy test drive will not cause problems anymore.

State-of-the-art PC platform

8th generation Intel Core i5 central processing unit, bigger SSD and RAM memory as special accessory/kit available.

Hot-swapping functionality

Batteries can be replaced without disrupting operation, and therefore work does not have to be stopped!

DCU 220 Packages with KTS

KTS 960, 980, 995 and KTS 900 Truck

KTS 995: DCU 220 with KTS 560 und FSA 500
