Invented for life

Clear Advantage

New and improved
flat wiper blades

New and improved

Safety and performance:

Clear Advantage: new and improved

- ▶ Patented design based on internationally-acclaimed, premium Aerotwin
- ▶ Re-designed in Germany and Belgium
- ▶ Increased durability and wiping performance
- ▶ Anti-corrosion: no exposed metal parts
- ▶ Smooth wiper movement: no plastic/metal brackets, joints, or hinges
- ▶ Affordable upgrade to technologically-superior wiper

Quick, easy, and secure

DIY installation

- ▶ Double-locking connector with quick clip

Safety even at higher speeds

Consistent wiping performance

- ▶ Aerodynamic wind spoiler generates downforce at higher speeds to keep wiper blade firmly on the windshield

Rugged yet smooth and quiet

All-weather durability and comfort

Exclusive graphite-blended natural rubber specifically developed to withstand tropical high heat and humidity levels

- ▶ Increased graphite coating thickness and adhesion for long-lasting smooth performance
- ▶ Micro-precision wiping edge reduces streaks and chatter

Maximize clarity, minimize premature wear

Enhanced performance and durability

Patented pair of precision-tensioned steel springs apply uniform pressure across entire blade

- ▶ No contact gap between wiper blade and windscreen means no unwiped areas
- ▶ No premature wear due to uneven pressure points

The Bosch flat blade advantage

- ▶ Uniform pressure on the windscreen achieved across the entire blade
- ▶ Absence of wiper claws holding the wiper rubber helps reduce pressure on the windscreen
- ▶ Optimized wiping performance: Minimize area of unwiped sections
- ▶ Increased durability: Avoid uneven wearing of wiper rubber

Bosch flat blade technology:

	Wipe	Durability
New Clear Advantage (flat blade)	★★★★★	★★★★★
Brand D (hybrid)	★★★★★	★★★★★
Brand H (flat blade)	★★	★★★★
Brand M (frameless)	★★	★★★
Previous Clear Advantage (flat blade)	★★★★★	★★★★

Tested under conditions simulating one year of usage by an average driver

Clear Advantage

an affordable upgrade

The advantages are clear

Great value

Designed for tropical climate

Clear visibility, high performance in all weather conditions

Highly durable: can last 20% longer than before

Easy and secure DIY installation

Bosch wipers fit 96% of vehicles in Asia

Why upgrade to a Bosch flat wiper blade?

When compared to other wiper technology types:

- ▶ Newer, better performance technology – commonly found in higher-end vehicles
- ▶ Uniform pressure on windscreen reduces streak marks and premature wearing out
- ▶ Higher performance means greater visibility and safety
- ▶ Increased durability means replacing less often

Driven by efficiency

Bosch technologies are used worldwide in almost all vehicles. People, and assuring their mobility, is what we are focused on.

Therefore, we have dedicated the last 125 years of pioneering spirit and expertise in research and manufacturing to achieving this.

We continue to work on our unique combination of solutions for spare parts, diagnostic devices, workshop equipment and services:

- ▶ Solutions for efficient vehicle repairs
- ▶ Innovative workshop equipment and software
- ▶ The world's most comprehensive range of new and replacement parts
- ▶ Large network of wholesale customers, for quick and reliable parts supply
- ▶ Competent hotline support
- ▶ Comprehensive educational and training offers
- ▶ Targeted sales and marketing support
