

BOSCH

Tecnología para a vida

Three Bosch cabin filters are displayed in a row, slightly overlapping. From left to right, they are white, black, and blue. Each filter has a pleated design. The background is a light gray with geometric shapes.

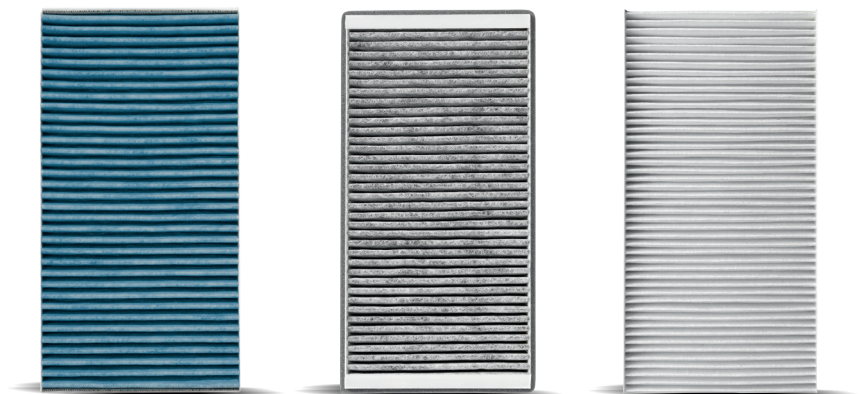

Filtros de habitáculo Bosch

Filtros de habitáculo Bosch

A solução perfeita

O filtro ideal para todas as exigências

A Bosch tem a solução adequada para todos os tipos de condutores ou veículos – que vai desde os filtros standard mais económicos e os filtros de carvão ativo muito eficientes aos filtros inovadores FILTER+ para a melhor qualidade possível do ar no interior do veículo.

Função	FILTER+	Filtro de carvão ativo	Filtro standard
Neutraliza alergénios e bactérias	✓		
Separa as micropartículas (até 99% de PM _{2,5} µm)	✓		
Filtra os maus odores e gases nocivos (ozono, enxofres, gases de escape)	✓	✓	
Separa o pólen e as poeiras finas (até el 100% de PM ₁₀ µm)	✓	✓	✓
Protege o ar condicionado	✓	✓	✓
Reduz o risco de vidros embaciados	✓	✓	✓

Filtros de habitáculo Bosch

A solução perfeita

Hoje em dia já praticamente quase 100% dos novos veículos já vêm equipados com um filtro de habitáculo.

É desejável que o filtro de habitáculo esteja em perfeito estado para que assim se possa respirar, dentro de um veículo, um ar limpo sem batérias e pólen, e um ar saudável sem maus cheiros, gases de escape e alérgenos, protegendo especialmente as pessoas alérgicas ou com outros problemas respiratórios.

Além disso um filtro de habitáculo em mau estado provoca que o fluxo de ar seja menor e que os vidros se embaciem facilmente nas temporadas de maior precipitação.

Por isso dizemos que um filtro de habitáculo em perfeitas condições proporciona maior conforto e segurança durante a condução.

O intervalo de substituição é estabelecido pelas indicações e especificações técnicas do fabricante do veículo, mas é recomendável realizar a mudança cada 15.000 quilómetros, ou então uma vez ao ano.

Com filtros Bosch conseguirá:

- ▶ Uma excelente cobertura de mercado > 95%
- ▶ Constantes extensões de programa
- ▶ 3 gamas compatíveis: standard, carvão ativo e Filter+ para uma especial proteção para pessoas alérgicas
- ▶ Um apoio à venda (mini-catálogos, poster e instruções de montagem)
- ▶ Marca que confere confiança e garantias de qualidade ao consumidor
- ▶ Total cumprimento das especificações de equipamento original

Qualidade, segurança e fiabilidade
