Bosch AeroTwin Plus Wiper Blades

- Maximum performance with innovative technology rubber**
- More than 100 OE sets can be replaced with just 15 AeroTwin Plus Single

Three benefits with every wipe:
Bosch AeroTwin – now with innovative wiper rubber technology
 Three times as good thanks to Power Protection Plus, the new wiper rubber technology with patented coating.

- ▶ Perfect wiping performance – streak-free
- ▶ Longer service life – even in extremely warm or cold weather conditions
- ▶ Gentle wiper action – for both wet and almost dry windshields

AeroTwin Plus

New clever adapter system

- ▶ Innovative system combining 15 wiper lengths and 4 adapters
- ▶ Each wiper blade fits 10 different wiper arms
- ▶ Straightforward and fast coverage for new vehicle models

Bosch AeroTwin Retrofit Wiper Blades

Bosch Aerotwin Retrofit wiper blades hook easily into the conventional wiper arms

Perfect wiping performance

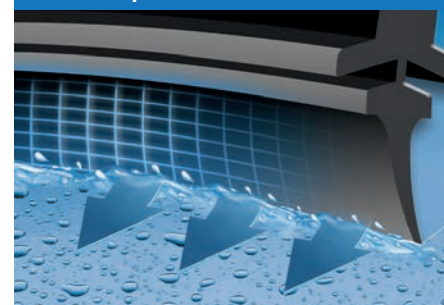

With Power Protection Plus, you can count on optimum wiper performance during the entire service life of the Bosch Aerotwin. No more streaks or deposits on your windscreen! Optimum visibility is guaranteed and the wiping pattern is clear – no matter how heavy it is raining or how long you are on the road

Longer service life

Power Protection Plus boosts the service life of Bosch Aerotwin wiper blades as it makes the wiper lip highly robust and resilient. Extreme weather conditions are no more problematic for the material than hot or cold temperatures. The uniform force distribution of Evodium spring strips optimises the service life further

Gentle wiper action

You just hear the rain? That's exactly how it should be, Power Protection Plus reduces the friction value of the material to a minimum. For you, this means: minimum running noise, no vibrations and no jerking. And when the rain subsides? The Aerotwin continues to glide effortlessly over the surface. In fact, the technology works on both semi-wet or even dry windcreens

Aerotwin Retrofit

Bosch Aerotwin is also available for retro-fitting on passenger cars with conventional wiper arms.
