Diagnostic Solutions DCU 220

EXTREMELY ROBUST & READY TO USE

- ▶ **Ready to use within seconds**
...only 15 seconds to Windows screen
...only 30 seconds to ES[tronic] 2.0 startup
- ▶ **High reliability and lifelong operation**
Everyday work in a workshop can be hectic and strenuous. This is why the DCU 220 is built extremely robust according to military standards, enabling smooth operation. Accidents such as dropping the device, spilling fluids on it or even taking it on a bumpy test drive will not cause problems anymore.
- ▶ **State-of-the-art PC platform**
New 6th generation Intel Core i5 central processing unit, bigger SSD memory and RAM (expandable)
- ▶ **Hot-swapping functionality**
Batteries can be replaced without disrupting operation, and therefore work does not have to be stopped!
