

Product information:

Bosch LED Gigalight / LED Powerlight / LED Retrofit / ECO LED

BOSCH LED: LED LIGHT FOR A TOUCH OF FUTURE

Bosch LED Retrofit is an instant, ready-to-fit upgrade from halogen to LED. For an exclusive and modern appeal of the vehicle from every angle. Combined with 80% less energy consumption it is the car lighting of tomorrow. The product line contains head bulbs to light up the street brighter than ever before, as well as retrofit miniature bulbs for an innovative replacement of signal lamps and a futuristic interior design.

- ▶ **LED Gigalight with integrated anti-error CAN-bus system:** trouble free compatibility
- ▶ **One-to-one upgrade for halogen bulbs:** easy and instant usage
- ▶ **Energy saving:** 80% lower energy consumption than halogen
- ▶ **Designed for off-road and interior usage**
- ▶ **Reliable quality:** long service life

BOSCH LED Product Range Automotive Bulbs: LED Gigalight / LED Powerlight / LED Retrofit / ECO LED

	LED Gigalight	LED Powerlight	LED Retrofit	ECO LED
Features	<ul style="list-style-type: none"> ▶ CAN-Bus Technology included ▶ Extreme brightness: 2300 Lumen +/- 300 ▶ Beam Angle: 280° 	<ul style="list-style-type: none"> ▶ CAN-Bus Technology included ▶ Extreme brightness: 1800 Lumen ▶ Beam Angle: 280° 	<ul style="list-style-type: none"> ▶ Futuristic style ▶ Miniature bulbs for diverse usage ▶ Different colors available 	<ul style="list-style-type: none"> ▶ CAN-Bus Technology included ▶ Extreme brightness: 2100 Lumen ▶ Beam Angle: 240°
