

Bosch charging cable for EVs

Robust, durable and high-quality charging solution

The charging cable was designed for reliability and a long service life when charging electric vehicles and plug-in hybrids. With high-quality materials and user-friendly features, it provides an efficient and durable solution for e-mobility.

- Reliable Longevity with more than 10,000 mating cycles
- High conductivity and low heat generation through silver-coated contacts
- Robust Construction: Impact-resistant housing, tested for extreme temperatures (-40 °C to +50 °C)
- Connector with soft-touch haptic for comfortable and non-slip grip

Part Number	Power	Cable length	Max. Voltage	Current	Ambient temperature
0986338245	11kW	5m	480V AC	20A	-40°C +50°C
0986338247	11kW	7m	480V AC	20A	-40°C +50°C
0986338255	22kW	5m	480V AC	32A	-40°C +50°C
0986338257	22kW	7m	480V AC	32A	-40°C +50°C
